TREEFIELDS

Located in the heart of the 'Golden Vale' in Co. Tipperary, Ireland, the extraordinary richness and fertility of the soil has facilitated the establishment of one of Europe's premier tree nurseries.

Operating across 100 acres with a quality variety of tree specimens and sizes, all tended and nurtured by our experienced nursery staff.

We specialise in mature and specimen trees. If we don't have the perfect tree, or plant, for you we can source them from our wide network of trade partners across Europe.

Our business has several strands which include contract growing, planting services, garden advice etc. No project is too large or small for us. We can fulfil all your needs and we will always strive to 'exceed your expectations.'

We extend an open invitation to you to come and visit our facilities in Cahir, Co. Tipperary, where our friendly experienced team will take you on a tour to experience our extensive tree range first hand.

PLANTING PROJECTS

Our team provide a full range of tree planting services. We offer professional advice throughout the project based on our many years of horticultural experience.

Tree Planting

School Planting

Carpinus betulus 'Fastigiata' (Hornbeam)
